# Indiana College Readiness Report

## 2012 High School Graduates Lafayette School Corporation

**Data sources:** Commission for Higher Education, Indiana Department of Education, and National Student Clearinghouse.

### NOTES

- Count of high school graduates and associated disaggregations are based on the total count of graduates reported on the IDOE-GR report for 2012. Graduate counts are NOT cohort graduate counts. As such, graduate counts and associated disaggregations may not match cohort graduate counts and associated disaggregations reported in other places, such as DOE Compass.
- 21st century scholar status is based on students who were eligible for affirmation and affirmed. Students who were enrolled as scholars but did not affirm, or students who affirmed but were not eligible, are not considered 21st century scholars for this report.
- Enrollment information on page 1 represents all students enrolled in postsecondary education, regardless of institution type, as reported by the National Student Clearinghouse and Indiana public higher education institutions. A student was considered enrolled only if: a) s/he was enrolled as a degree or certificate-seeking undergraduate student during the 2012-13 school year; b) s/he was enrolled for the equivalent of at least one semester during the 2012-13 school year.
- Information on pages 2-5 represents only students who enrolled in an Indiana public postsecondary institution.
- To be counted as earning remedial credits, a student needed to earn credits in the subject(s) in which s/he was identified as needing remediation. If a student was identified as needing remediation in both English and Math, the student would need to earn credits in both English and Math in order to be counted as earning remedial credits.
- Full time enrollment status is defined as enrolled in 12 or more credits in the semester of entry. Part-time enrollment status is defined as enrolled in fewer than 12 credits in the semester of entry.
- Student persistence is based on the number of students who started freshman year at an Indiana public institution and who continued enrollment into the fall semester of the second year at any Indiana public institution.
- \*\*\* means data were suppressed for that cell because fewer than 10 students appeared in that cell. Also, because of complementary suppression rules, at least two cells had to be suppressed for each category and disaggregation. As a result, in some cases, cells with more than 10 students were suppressed.
